## C.P.R. SECURES INJUNCTION TO STOP C.N.R. CALGARY LINE

Canadian Northern Plans Have Not Yet Been Approved by Railway Commission

Calgary, June 16.—By resorting to the law courts upon a technicality, the C. P. R. has tied up all the construction work on the C. N. R. road south of Stettler, and may succeed in keeping it tied up for the rest of the summer. The C. N. R., until served with the injunction, had three hundred men at work this side of Stettler. Now not a single bit of work is being done. This is the result of the condition of affairs at the present time. The C. N. R. is bending every effort to reach Calgary before the winter and every person here save the C. P. R. is very anxious that it should succeed. As the C. P. R. owns or has owned about ninety percent. of the right of way of the C. N. R. to this city in that district, the C. N. R. is meeting with trouble at every turn. Every railway has to file certain information with the railway commissioners before building a road and same has not been approved of. It seems that the C. N. R. filed the information but in order to hasten the work along, has not secured approval, and was going ahead without such approval. The C. P. R. applied for an injunction last week, reciting that these things were not done and claiming to be aggrieved. Mr. Justice Stuart to whom the application was made, granted a temporary injunction for a couple of weeks or until June 24. Application will then be made to have the injunction made permanent until the case can be tried by the judge. As the action begins on July 1st, the second injunction, if secured, will mean a tie up until next autumn.

## ANDREW LOGAN FOR DAIRY INSPECTOR

That Is Recommendation to City Commissioners. Made by Board of Health

Experienced Dairyman

Any Veterinary Work, the Board Decides, Should be Given to Dr. Shearer

Mr. Andrew Logan, an experienced dairyman, was selected by the Board of Health at a meeting held yesterday afternoon to fill the newly created office of milk and Dairy Inspector. Although the Board of Commissioners gave the Board of Health authority to make this appointment, it was decided to recommend Mr. Logan to the commissioners, and to let them make the formal appointment. Mr. Logan is at present living in Strathcona. He came here only a couple of weeks ago, after spending some time in Pennsylvania, where he spent the establishment of a large dairy farm. Mr. Logan has had a great deal of experience in this line of work. He belongs to a well known family of Scotch agriculturists. He was born in Ayrshire. In 1891 he received the Ayrshire Dairy Certificate, and was employed by the Bucks County Council as dairy inspector in 1892-93. Mr. Logan holds many certificates and diplomas of other country institutes, among them being the National Diploma of Dairying of Great Britain, the British Dairy Farmers Association's Diploma, and the Silver Medal in Dairying. The Board of Health decided that it would be better to have an experienced dairyman as inspector instead of a veterinary surgeon. In this connection it was decided that any veterinary work that may arise will be given to Dr. Shearer to look after. Mr. Logan was chosen for the new position by a unanimous ballot of the board.

## GLOWING REPORTS OF WEST COUNTRY

Accounts of District Around Edmonton and Oley Started Settlers That Way

Mr. Garner, late of Chicago, called upon immigration office the other day and made a number of comments in the vicinity of Oley and Edmonton, on the Grand Trunk Pacific. He says that splendid homesteads can be secured at that vicinity about four miles from the railroad. The soil he stated was chiefly black loam with clay subsoil, and the top soil when it was measured went to a depth of two feet. Water can be secured at an average depth of ten feet. The district is covered with light brush and there is also some timber, the roads are good, and the land slopes to the north and is easily drained. This statement was made to the immigration officials unsolicited and in consequence of it a number of English immigrants who arrived this morning are going out to that district with a view of taking up homesteads.

## COMPANY ACCEPTS RESPONSIBILITY

Roberts Filter Company Renews Bond for Successful Operation of Filtration Plant

INSTALLING SMALL PUMP

Sedimentation Tank Would Not Hold Sufficient to Carry Water by Gravitation

After waiting nearly a week to hear from the Roberts Filter Company the firm that installed Edmonton's filtration plant, Commissioner Bouillon received a telegram from them last night, stating that the company would be willing to renew the bond that the city holds against them for the successful operation of the plant. Commissioner Bouillon wired the firm nearly a week ago, telling them of the defects in the plant, and asking them if they would renew the bond and if they would send a representative here or whether the city would go ahead and make the necessary repairs and charge them up to the company. No answer has been received to this part of the question yet. Commissioner Bouillon explained very fully to a Capital reporter this morning just what was wrong with the filtration plant, and what was being done to put it in working order. After several examinations, Mr. Bouillon discovered that not only were the filters themselves improperly built and clogged up with cement and gravel, but the sedimentation tank was also in bad shape. It was found that this basin was so badly built that it was impossible to fill it more than half full of water, and so practice impossible to get the necessary head of water to fill the filtration tanks by gravitation. Therefore, a small pump is being installed, and it will pump the water from the sedimentation basin to the tanks. This morning Supr. McNaughton of the power house wrote a letter to Commissioner Bouillon in which he took upon himself the responsibility for the good behavior of the filtration plant, and declared that he could get it in proper working order within 90 hours from the time that he was told to go ahead. It is felt, however, that if Mr. McNaughton deserves his whole attention to the power plant, he will have all his time occupied.

## MAKE MACARONI HERE

A macaroni industry may be established in Edmonton. Indeed, it looks as though Mr. C. Marinaro, of Reynoldsville, Pennsylvania, who operates a large macaroni plant in that town will either establish a branch business here or else move his entire plant to Edmonton. Mr. Marinaro, who is a guest at the Yale Hotel, spent the greater part of the morning with Secretary Fisher of the Board of Trade, and discussed the possibilities with him. Mr. Marinaro is much impressed with conditions and is of the opinion that the manufacture of the Italian delicacy could be carried on very profitably here.

## CROWDED STEAMER STRUCK AND SANK

Accident Happened on the Pacific Coast—All Passengers Were Safely Removed

Dawson, Yukon, June 16.—The White Pass steamer Casca, carrying 65 first and 20 second class passengers, 160 sacks of mail and 15 tons of merchandise, struck a rock and sank in Throatly River, 127 miles south of Hootlaing, Alaska. All the passengers were safely removed.

## NEW CATHOLIC DIOCESE

Rome, June 16.—A new diocese, Regina, has been created in north Canada in the ecclesiastical province of St. Boniface. The new apostolic vicariate of Keewatin has also been created.

## ANGLICAN WOMEN GIVEN FRANCHISE

Synod of Alberta Decides That They May Vote at Parish Meetings

INDIAN WORK A FAILURE

Several Speakers Favored Handing Over Educational Work to the Government

Calgary, June 16.—The largest and most important meeting of the synod in the history of the diocese of Calgary was brought to a close last night. Yesterday morning's session was taken up with the reception and discussion of the report of the committee on Indian work which was presented by Archdeacon Tims. The report pointed out the difficulty experienced in carrying on the work by the migration of the Indians from one part of the province to another. The increased earnings of the Indians enables them to buy liquor more frequently and horse racing exhibitions, spectacular shows, etc., in which they take part were no help spiritually or morally. The church schools were reported as not in a very flourishing financial condition and the report continued: "It seems hopeless to expect a larger grant from the government."

A long discussion followed in which some of the speakers advocated a more energetic policy in regard to the church work among the Indians while others favored the abandoning of the work of education to the government.

## Work Not a Success

"We have fallen down on our Indian work," said E. H. Riley, "and we won't acknowledge it. We are simply standing in the way of the government taking up the work in which we fail. The position of the government has been misrepresented. I have discussed the question with Hon. Frank Oliver, who said that the department is ready to take over the work, but he was tired of the church coming to him with deficits every year."

A resolution was finally passed and the bishop appointed the following committee: Rev. A. J. B. Dewdney, Calgary; Rev. G. H. Hall, Macleod; Rev. T. F. Castle, Gleichen, and Messrs. W. A. Geddes, Calgary, F. W. Goudal, Oley, E. R. Riley, Hilt, Hurst, W. A. Cornwall, Claresholm, G. E. F. Kirkpatrick, Edmonton, and C. P. D. Campbell, Lethbridge. The report strongly advocated the appointment of a general missionary whose work would be chiefly devoted to organization and a motion was passed authorizing the general executive to secure the services of a suitable man.

## Oppose New Diocese

A resolution was also passed opposing the division of the diocese until such time as a new endowment could be secured so that the work of the new diocese could be carried on without financial embarrassment.

The secretary was instructed to cable the greetings of the synod of the diocese of Calgary to the world's missionary congress now in session in Edinburgh, Scotland.

## Women May Vote

One of the most important questions to come before the Synod last

## GOVERNOR MAY STOP BIG FIGHT

Action Indicates He Is Determined to Send it Out of California

WORLD'S FAIR A FACTOR

Fearful That General Disapproval Might Stop Aid to Celebration of Canal Opening

San Francisco, June 16.—Stirred to action by protests from the state and country, Governor Gillett took steps to prevent the championship fight between Jeffries and Johnson, scheduled to be held in Frisco on July 4. In a letter to Attorney General U. S. Webb, the governor expressed his disapproval of prize fighting and directed that the courts be invoked to prevent the match. He concluded with a positive order that in case a plea for restraining order be not granted and fight be held the attorney general prosecute those interested in light for violating the penal code of the state. Latter declares that supreme court of California has never denied a prize fight and suggests that opportunity be given it to do so. This is taken to indicate the governor's intention to press his opposition to the end. While steps of the fight is unsettled the sporting fraternity is much cast down and it is generally believed that the death knell of prize fighting in California has been sounded. The belief is strengthened by the fact that the governor telegraphed to the attorney general, Webb, later in the day to take similar action as to the fight scheduled for July 18th in Frisco between Sam Langford and Al Kaufman. Rickard estimates that he will lose \$50,000 if he is forced to take the fight out to Nevada. He said he would consider Reno and Ely, Nevada, and Salt Lake City. He is said to favor the latter. Work on the arena which has progressed rapidly since it was started about two weeks ago was ordered suspended temporarily when action of Governor became known. Legal proceedings it is believed will make no difference at the fighters' camps. It is probable they will go on with their training as though nothing had happened. District Attorney Fickert, mention of whom is made by the governor in his letter to attorney general, displayed some bitterness when asked for a statement. He said that the governor had "ruined the match" and made reference to "political capital."

## World's Fair a Factor

Washington, D. C., June 16.—Move of state authorities to stop Jeffries-Johnson prize fight is believed in Washington to have its origin in a telegram which Representative Bennett (Republican) of New York sent to Wm. W. Wheeler, president of San Francisco Chamber of Commerce on May 28th. The telegram declared that moral sentiment of country was so opposed to fight that unless it was prevented there was grave danger that Congress would take unfavorable action on the resolution now before it, naming San Francisco as a place for holding the international celebration of the opening of the Panama Canal.

The foreign affairs committee of which Mr. Bennett is chairman will consider today the resolutions of San Francisco and New Orleans asking for recognition for their proposed exposition. In view of action of California authorities it is understood Mr. Bennett will favor San Francisco.

## Other Places Want It

Salt Lake City, Utah, June 16.—Many Salt Lake citizens would welcome the Jeffries-Johnson fight to this city, but legal obstacles are believed to be insuperable. Reno, Nev., June 16.—Reno bid for Jeffries-Johnson fight today. A. J. Ailworth, theatrical manager, representing the business men, telegraphed to Richard that Reno would furnish a suitable arena for the fight. The Nevada law is plain, permitting fights paid when a license fee of \$1000 is paid by the promoters. Mr. Ailworth advised Richard that Reno would furnish \$1000 license required by state law.

El Paso, Texas, June 16.—A telegram was sent to Richard and Gleason by prominent business men proposing that the big fight be held in the bullring at Juarez, Mexico. The arena will seat 30,000.

(Continued on page eight)

## MYSTERY ENDS IN MATRIMONY

Two Young Men Couldn't Tell Why, But Did Not Wait in Vain

Two young men have been hanging about the immigration office for the past week, and their actions although not suspicious aroused curiosity. Several times they were asked what their business was but their met with stammering and hesitating questions on each occasion were replied accompanied by furious blushes. This morning the solution of the mystery came along in the shape of two boxom Swedish maidens who inquired for the two young men whom they expected were waiting for them. In a few days the happy couples will go searching about the country for suitable homesteads.

## THREW HIMSELF INTO BOW RIVER

Mathew Brown, Thirty-Five Years Old, Committed Suicide at Calgary

DESPONDENCY THE CAUSE

Young Man Had Been Ill for Some Time—Owned Ranch Near Shepard

Calgary, June 16.—What was evidently a case of suicide occurred yesterday evening on the River Bow at the Langview bridge. While two boys who floated close to the shore near the bridge they saw a man jump from the west side of the bridge into the swift flowing waters. The body floated away on the current. R. Dawson and W. Hayward, of East Calgary managed to reach the body, which floated close to the shore near the bridge on Col. Walkers property. Drs. Robinson and McKid were on the scene almost at the time the body was taken out of the river, and pronounced life extinct. The remains were taken to the morgue at A. M. Shavers undertaking establishment, where the body was identified as that of Mathew Brown of Shepard. The unfortunate man has been in the general hospital since June 10 but as he was not very ill was allowed to roam about. He was last seen at the hospital at 6.30 yesterday evening. He was a native of Omagh, Ireland, and came to Alberta from Australia about seven years ago, and afterwards a ranch near C. Croft about two miles from Shepard. He afterwards rented his ranch and went to the Stettler district, el returned to Calgary about six months ago.

The deceased was about 35 years of age and married. No cause can be assigned for his rash act, but it is supposed to have been due to despondency.

## NARROW ESCAPE FROM ASSASSIN

Revolutionist Fired Five Shots at Him, But They All Missed Their Mark

Sarajevo, June 16.—General Varesanin De Vares, military governor of Bosnia and Herzegovina, narrowly escaped assassination yesterday. He was returning to the palace after having opened the Diet, when a revolutionist named Karajic fired five shots at him with a revolver. None of the bullets found their mark. The would-be assassin, following the failure of his attempt on the life of the Governor, shot and killed himself.

## WINNIEP MARKETS

Cash wheat—No. 1 Northern, 90¢; No. 2, 88¢. Oats, 31¢; barley, 40¢. Futures—Wheat, June, 90¢; July, 90¢; October, 85¢. Oats, June, 31¢; July, 31¢; October, 27¢. Flax, June, 1.65; July 1.60; October, 1.57.

## CULGARY FOUNDRY BURNED

Chicago, June 16.—The foundry of the Hansel Electric Company was destroyed by fire early today. The damage was \$3,000,000.

## WILL EDMONTON HAVE NEW MODERN THEATRE BUILDING ?

Winnipeg Interests Are Endeavouring to Interest Local Men in the Project

There are visions of a new and thoroughly up-to-date theatre to cost in the neighborhood of \$20,000 being built in Edmonton. The parties lacking the enterprise are, however, very reticent about the matter, but it is known that a local gentleman has been approached by a Winnipeg syndicate and asked to co-sponsor the building, the syndicate then taking out a long lease. The location of the new playhouse is at the corner of Jasper and on the west side. The dimensions will be 100 feet by 90 and will be three or four stories in height. There is also the possibility that a large store will be situated on one side of the entrance and a number of smaller ones on the other. It is understood that Mr. J. H. Rudy is designing plans for the new playhouse and that Mr. Henry Fraser, of the firm of McDougall and Seider, is the man who is being asked to finance the construction.

## MONARCHY'S NEW PLACE IN EMPIRE

Growth of Imperial Sentiment Opens New Field for Royal Activities

COLONIAL CONFERENCE

It Is Expected That King George Will Open It Next Year

London, June 16.—Suggestions are made that the king should open the Imperial conference in 1911. The Morning Post says: "The proposal accords with the present tendency of imperial thought and events." The Times says: "It is hardly open to doubt that if it could be found possible for the King to hold courts in the capital cities of his various dominions that the effects upon the unity and solidarity of the Empire would be conspicuously beneficial." The Times thinks: "The whole imperial idea towards which we are moving is a new thing which may well call for revision and expansion of the accepted ideas of royal activity. The appointment of the Duke of Connaught as Governor-General of Canada although not directly determined by a conscious adoption of this expanded view of the place of the monarchy in the Empire, does undoubtedly operate in that direction. It is perhaps all the more valuable as indicating the probable trend of events just because it came about in the ordinary course without any definite intention to open up a new Imperial epoch."

## UNITED STATES TO BUY ISLAND

It Is Near the Coast of Portugal and Portuguese Government Strongly Objects

Lisbon, June 16.—A newspaper here prints a story to the effect that Senator Abreu, the owner of the Island of Canto, near the Azores, has asked the Portuguese government for permission to sell the island to the United States, which has offered him \$500,000 for it. The government objects to the sale of the ground that the island is too close to the coast to allow of occupation by a foreign power. The matter will have to be discussed in the Portuguese parliament before the sale can be sanctioned.

## MR. HOTCHKISS ON TRIP

Charles S. Hotchkiss, chief public commissioner of the province, left last night on a tour of the eastern cities of the States and Canada. He expects to be away for about three weeks and in that time will visit St. Paul, Minneapolis, Chicago and Detroit, and from there he will go to the Canadian cities. At Detroit Mr. Hotchkiss will start a party of land seekers on their way to Alberta. This party has already been made up, and Mr. Hotchkiss has been in communication with them for some time.

## G. H. GRIEG RESIGNS

Winnipeg, June 16.—George H. Grieg, who for four years has been livestock commissioner in the west, has resigned. His resignation was put in the hands of the Minister of Agriculture on June 3rd, and takes effect at the end of the month.

## WAGON ROAD TO GRAND PRAIRIE

Premier Says Project Is Under Consideration and People There Are Hopeful

MAY BE DONE THIS YEAR

W. H. Waddell Returned After Surveying Eight Townships Near Lac la Biche

"That a wagon road into the Grande Prairie country will be started and perhaps completed this year, is now practically assured. This morning in conversation with W. H. Waddell, who has just returned from the north, a Capital reporter learned that settlers up in the Grande Prairie country are confident that they will get the road this year. According to what some of them told Mr. Waddell, they have received assurances from the Premier to this effect. When asked by a Capital reporter this morning if it was true that the government was going to build the road this year, Premier Sifton stated that the matter was under consideration. In view of the fact that at the last session of the legislature the appropriation for this road was refused, the Premier's statement is significant, and may be taken as meaning that the new government intends to have the road built, and when the statements of the settlers in the Grande Prairie country are also considered, it becomes evident that an effort will be made to have the road built this year. Mr. Waddell has just completed the survey of eight townships southeast of Lac la Biche, and he reports that the country there is of the finest. All the country in that district has suffered heavily from bush fires, and Mr. Waddell's party had some exciting experiences."

## RAILWAY WINS IN LAND VALUE CASE

Supreme Court of Canada Reverses Decision of Alberta Supreme Court

Mr. J. D. Hyndman Received the following telegram from Ottawa this morning:

"Calgary and Edmonton vs. McKinnon appeal allowed with costs. (Signed) Currie & Bond.

On the 17th of July, 1909, the arbitrators appointed to fix a reasonable price for a piece of property owned by Mr. McKinnon and situated near the site of the high level bridge in Strathcona, awarded the sum of \$2,000 to the owner of the property. One of the arbitrators wanted to fix the figures at \$1,500, so the case was tried before the Supreme Court on December 21st favored the appellant. The Calgary and Edmonton Railway carried the case to the Supreme Court of Canada at Ottawa and the decision of the provincial supreme court was reversed.

Buying your drugs and medicines of us means much to the family exchequer. Edmonton Drug Co.

Marriage Licenses issued. Jackson Bros., Jewellers.

STATION—Strathcona Investment Co.

THURSDAY, JUNE 16, 1910.

The figures furnished by Secretary Fisher of the Board of Trade showing the remarkable development which Edmonton has undergone as a business centre serve an excellent purpose. Too many of our people are in the habit of talking as if the city had been at a standstill for some time past. It is surprising how anybody who has the use of his eyes can hold this opinion. We shouldn't discount the future to the extent that we expect the impossible. A community which sees its distributing business increase from \$3,000,000 to \$20,000,000 in five years despite the fact that for a large portion of that time commercial depression was general throughout the continent, hasn't any cause to complain.

The citizens who visited the new exhibition grounds yesterday were of one opinion as to the work which has been done by the directors. The city will have quarters for its annual fair which will go a long way towards putting the latter upon a satisfactory basis. All must recognize the value of such an institution in the development of a great centre. Manager Harrison and the other officers of the association have spent much time and study on the plans for the grounds and the result is plainly apparent. The speed with which the work has been rushed during the present season gives assurance that August will find things in good shape for an exhibition which will do Edmonton much credit, while, of course, still greater things are planned for future years. But in addition to all a splendid playground is being provided. How great a boon this will be to those who have had experience in the management of athletic organizations or have searched for some place to have a quiet family outing on a hot afternoon must be appreciated. The cost is not small but no municipal funds are being better spent. Those in charge are deserving of the best encouragement that the citizens can give them and there should be no question about the by-law to be voted on next week to provide additional money for the work, carrying by a decisive majority.

## EDMONTON'S INDUSTRIAL FUTURE

The more we learn of the plans of the company which proposes to generate power up the river and build a transmission line to the city, the more apparent does it become that the enterprise must mean a very great deal to the industrial future of Edmonton. A comparison with a similar project in Calgary shows in how much more favorable a position this city will be. In the advertisement in a recent number of the financial journal, "Canada," the Calgary Power Co. states that it has an available output of 10,000 horse power for nine or ten months and 6,000 during the period of minimum flow. The minimum of the plant at Rocky Rapids has, after exhaustive tests been placed at 36,000. The offer to the municipality of 6,000 horse power at \$35 per thousand and 4,000 more if required at a lesser rate looks like a good one. The company calculates that it is now costing the city about \$60 to produce power. The accuracy of this can be readily tested. In the Calgary advertisement referred to, the present cost in that city is calculated at from \$60 to \$120. Provided that so large a saving can be made as appears, there is no reason why the council should not go ahead and close an agreement with the company as soon as possible. If this is done they propose to commence construction work immediately, taking supplies up to the site of the plant by water during the present summer. The total expenditure will amount to about a million and a half dollars.

The possession of this large power supply will be one of many features which must make Edmonton a great manufacturing centre. We are all quite certain of this ourselves and it is satisfactory to note that the outside world is beginning to realize all that we have to offer. The London Financial recently quoted at length from the report of the Geological Survey

in regard to the coal deposits of this part of Alberta and adds:

"Without doubt the official computation is right. Regarding the Edmonton field there can be no reasonable doubt that the city and district will, sooner or later, become one of the greatest industrial centres in the world. Not only is the supply of coal for all present practical purposes unlimited and likely to be cheaper than can be found anywhere else, but the position is so central in relation to a vast agricultural country of unrivalled fertility that the opportunities for profitable markets for every kind of manufactured goods are incalculable. A glance at the map will show that Edmonton is in a position to supply the surrounding regions east, west, south, and even north. How far north is difficult to say, because even now the possibilities for agriculture of the Peace River district on its northern side are still undetermined. BUT, AS REGARDS THE OTHER POINTS OF THE COMPASS, EDMONTON IS CERTAIN TO BECOME THE GREAT COMMERCIAL CAPITAL OF A HUGE POPULATION, DISTRIBUTED OVER AN AREA GREATER THAN THE GERMAN EMPIRE. The more the situation is studied and the present drift of events observed, the more certain does it appear that this part of Canada will, in the time to come, be in the very front rank as regards resources, population and wealth."

## BRUTAL MURDER BY FOREIGNERS

Austrian Coal Heaver at Niagara Falls Killed Fellow Workman With Pick

Niagara Falls, June 15.—A brutal murder took place last evening in the Montmorency C. R. yards when two coal heavers entered the coal shed, where George Kovitch, a coal heaver, sat eating his evening lunch. They hit him two murderous blows with a twenty pound coal pick, fracturing his skull on both sides. The man who fell him was Eli Condock, an Austrian and the cause for his crime is supposed to be a money transaction. Condock and his companion made good their escape.

## CUP OF VINEGAR FOILED BURGLAR

He Attacked Householder, But His Victim's Wife Threw Vinegar at Him

New York, June 16.—Mrs. Nathan Jasper, wife of a contractor, saved her husband from possible death at the hands of a burglar yesterday by throwing a cup of vinegar into the burglar's eyes and blinding him. The man went to Jasper's home Tuesday and told him he was starving. Jasper gave him money for food and told him he would put him to work yesterday. A noise in the house before dawn caused a search which found the man in a closet. As soon as the man was discovered he attacked Jasper. The contractor was no match for him and was being choked into unconsciousness when Mrs. Jasper hurled a cup of vinegar into the man's face. Howling with pain, he fled Jasper.

## SPRING SALMON RUN IS FAILURE

Fishing on the Fraser River Has Been Very Bad This Season

New Westminster, June 16.—The spring salmon run, according to fishermen on the Fraser, is practically a failure. This is the season of the year when the fishing should be at its best, but the boats are now bringing in only bring in three or four fish each. At this time last year they were bringing 200 and 500 pounds daily. Fishermen are at a loss to account for the scarcity of fish, as in the Columbia river good catches are being made. It is alleged that the presence of traps on Vancouver Island affect the supply; and it is mentioned that this is the first time in the history of the industry that fresh fish have been sent from Victoria to eastern points. Spring salmon are retailing at fifteen cents per pound; last year the price was ten cents.

## CENSUS FOR EMPIRE

LONDON, June 16.—In announcing the second reading of the census bill, Hon. John Burns stated that communications were occurring with the colonies with a view to the institution of an imperial census on approximately the same lines throughout the Empire.

## IT IS TO LAUGH

The Best Yet  
He (tenderly)—And what do you think of the engagement ring I sent you Doris?  
She (delightfully)—Why, I think it is a beauty, Jack—the very handsomest one I ever had given me.—Lippincott's Magazine

Wedding Formula  
She—What is the proper formula for a wedding announcement?  
He—"I know what it ought to be."  
She—"What?"  
He—"Be it known by these presents."—Boston Transcript.

Leave it to Her  
Muggins—"I don't believe in contradicting a woman."  
Buggins—"No, it is a waste of energy. Give her time enough and she'll contradict herself."—Philadelphia Record.

How Some Minds Run  
"We had an African explorer at the club last evening. He talked of progressive Abyssinia."  
"Sounds interesting. How do you play it?"—Louisville Courier-Journal.

Superiority  
"Why do you consider women superior to men in intelligence?"  
"A bald-headed man buys hair restorer by the quart, doesn't he?"  
"Eer—yes."  
"Well, a woman doesn't waste time on a hair restorer, she buys hair."—San Jose Palladium.

Little Use for Poets  
Richard Le Gallienne the poet, was entertaining a group of magazine editors at luncheon in New York.

To a compliment upon his fame Mr. Le Gallienne said lightly:  
"But what is poetical fame in this age of prose? Only yesterday a school-boy came and asked me for my autograph. I assented willingly. And today at breakfast time the boy again presented himself."  
"Will you give me your autograph, sir?" he said.  
"But," said I, "I gave you my autograph yesterday."  
"I swooped that and a dollar," he answered, "for the autograph of Jim Jeffries."—New York Tribune.

## SCENES IN "BLEAK HOUSE"

"Bleak House" is perhaps of all Dickens' stories the one whose scenes are most easily identified. The house which gave it the title still stands on the edge of the cliff at Broadstairs as it did when the novelist lived there. And, coming to London, one can gaze with awe at the house in Lincoln's Inn Fields where Mr. Tulkinghore lived and died, and which was the residence of John Forster, the biographer of Dickens.

Clicketer Rents also exists, although Krook's rag and bone shop was recently pulled down, and prototypes of Mr. Nemo, the copyist, can be seen any day leaning against the ancient wall waiting for a modern Snaggle-shoe-Touque Court to come along and engage them. Chief of all "Bleak House" associations there is Lincoln's Inn Hall, so revered by crazy Miss Flite, which is in the same state as when the chancellor sat and listened to Jarndyce v. Jarndyce dragging its weary length.—London Chronicle.

## FEATS OF BLIND MUSICIANS

A few years ago all Germany was marvelling over the feats of a blind youth called Schwarzkopf, who had never had a lesson in music in his life. In spite of this drawback he was able to play the piano, and, indeed, almost any other instrument with a perfection of execution which any professor might well have envied. It is heard an opera he could, on returning home, repeat almost every note he had heard. His most remarkable performance, as a feat of musical memory, has probably never been rivaled. Almost equally remarkable was the

## GERMAN AIMS ON CANADA'S MARKET

"Conquest" Is the Way An Important Paper in Berlin Puts It

Berlin, June 16.—Speaking of the appointment of W. B. Fisher as Trade Commissioner here, the Tagblatt, the chief organ of the industrial and exporting interests, says that Germany ought promptly to reply by sending a special trade commissioner to the Dominion for the purpose of giving German exporters practical support in their ambitious plans for the conquest of the Canadian market. It is stated that Mr. Fisher's mission is not only to look after the interests of Canadian trade with Germany but to pave the way for a commercial treaty more favorable to Canada than the one now in operation.

## FLY AEROPLANE UP CITY STREET

Aviator Promises to Make Trip up Broadway, Just Clearing Trolley Wires

New York, June 16.—Speaking of his proposed exhibition flight for New Yorkers, Chas. K. Hamilton, who on Monday flew from New York to Philadelphia and back, said today: "I guarantee to fly up Broadway from the Battery to Harlem at a height not exceeding thirty feet except where I have to go over the 'L' or some construction like that. There is plenty of room between the building lines of Broadway for my biplane and I'll make the whole trip just clearing the trolley wires."

Marriage Licenses issued. Jackson Bros., Jewellers.

**TERRIBLE FLOODS  
ALL OVER EUROPE**

Unprecedented Rains Have Caused Tremendous Damage and Loss of Many Lives

**VILLAGES DEVASTATED**

Belgium, Servia and Switzerland, Although Far Apart, Suffer in the Same Way

Brussels, Belgium, June 16.—Unprecedented rains throughout Belgium have been followed in lower lying districts by flood conditions creating heavy losses. Bridges have been carried away and stock drowned. The village of Moos has been devastated.

**In Switzerland**

Berne, Switzerland, June 16.—Inundations caused by the swollen streams in the eastern and central

districts of Switzerland, have caused immense damage. A landslide at Altorf buried a factory building, killing a woman and ten children employees.

**In Servia Also**

Belgrade, Servia, June 16.—Floods following torrential rains have caused havoc in the valley of the Morava river. Thirty-five lives have been lost. The towns of Chuepria, Kogodina and Svilanatz have been inundated. Water to a depth of from seven to ten feet has filled the streets. Many houses, undermined, have collapsed.

**INJUNCTION DISSOLVED**

New York, June 16.—The United States Court of Appeals yesterday dissolved the temporary injunctions against Glenn H. Curtiss and Louis Paulhan, the French aviator, in the suit for infringement on aeroplane patents brought by the Wright Company, controlled by the Wright Brothers.

**COMING OF DUKE  
WORRIES OTTAWA**

Royalty at Government House Means More Expense for Fathers of Families

**MORE ELABORATE GOWNS**

Expected That There Will Be an Influx of Americans Anxious to Be Presented

Ottawa, June 16.—Cable dispatches insist that the Duke of Connaught is coming to succeed Earl Grey, and half the city of Ottawa is shivering. Dispatches touching upon the subject are read and re-read, and the probable factor of truth in each story is estimated and re-estimated, for one half of Ottawa dreads the coming of this royal governor, and the other half is not certain whether to be glad or sorry.

If the Duke of Connaught comes to Ottawa as governor-general, it means that hundreds of Americans who are afflicted with a mania for touching the skirt of royalty will flock to Ottawa to be presented to the King's uncle. Those who could not afford or arrange a real presentation to his Majesty the King will pour across the boundary or on through sleepers from New York to Ottawa, and go to swell the drawing-rooms, the dances, the dinners, the skating parties, and all the other fussy things at Rideau Hall.

"That aspect of the situation should be very pleasing to the railroad companies, the dressmakers and the owners of fashionable apartment buildings in Ottawa. But there are scores of modest but proud families in Ottawa, who will be put to a severe strain. Many a civil servant on salary will no longer be able to dress his wife and daughter for the increased number of functions. For, in Rideau hall affairs, one's daughter or one's wife, or one's sister cannot possibly wear the same

dress more than twice, if indeed she dare wear it more than once. One father of four daughters estimates that it would cost him just \$2,000 more a year to look after his children socially, if the Duke of Connaught came. Rideau hall is the fairy world to many a girl pretty or otherwise. To be let in is heaven; to be kept out—is not heaven. To keep up in the game there will be more dresses to buy, dressmakers will get more business and charge higher prices; grocers will thrive and the florists.

**RAILWAYS IN B. C.**

Victoria, June 16.—Actual construction work on the Kettle Valley line will be started before the end of the month. Contracts will be awarded immediately for the extensions from the Midway end and from Merritt in the Nicola valley, said Mr. J. J. Warren of Toronto, president of the Kettle Valley Railway.

Mr. Warren added that he expected to see the line between Midway and Merritt completed within three years.

**GIRL WAS ALMOST  
KILLED BY BEAR**

It Was Tame and She Was Feeding It When it Hugged Her

Phoenix, June 16.—Little Elsie Larson, the eight-year-old daughter of Gus Larson, of Phoenix, narrowly escaped an awful death in the paws of a bear here on Sunday. Serious wounds were inflicted on her neck and shoulders by the claws of the animal, and but for the timely arrival of assistance her life would undoubtedly have been squeezed out.

The bear was captured a year ago when a cub, and is kept in a public square in the city as a pet. The little girl was feeding it when the animal playfully grabbed her with both paws and began hugging her. The screams of the child attracted the attention of Mrs. Arthur Webster, who was at some distance, but hurried

to the scene, and beat the bear over the head with a club until it released its hold upon the child. The wounds were immediately dressed by a physician, and although still terrified by the experience the little girl is now out of danger except for a grave possibility of blood poisoning.

**BIG INDIAN POTLACH**

Victoria, June 16.—One of the biggest potlaches held on Vancouver Island in very many years is now in progress at Cowichan. The widow of the former chief Bayne of the Quamichan tribe are giving the entertainment which is attended by nearly five hundred from various island tribes, with visitors from the State of Washington. The potlach is in memory of Chief Bayne and will continue for several days more. It has now been in progress for almost a week and has been marked by Indian dances and other festivities which are to be abandoned for the future.

## PHIL DELLAR ALWAYS WINS, ESKIMOS TAKE LAST GAME

Score was 1 to 1 and The n Bill Lussi Pickled a Home Run—Brandon To-Day.

Winnipeg, June 16.—Phil Dellar, leading pitcher of the Western Canada League, demonstrated to the Winnipeg fans last evening how he wins so many games. He held the Maroons to two little hits while Marvellous Miller held the heavy hitting Eskimos guessing. But his results that count. One of the three Edmonton safeties proved to be a home run, contributed by Bill Lussi so the visitors got the long end of the score, 2-1. Both pitchers received the very next thing to effortless support, and the game was a real pitchers' battle, the Peerless Phil having a shade on his opponent.

The Maroons' lineup was slightly changed, owing to the forced absence of Beer, the joke shortstop. Krueger went to short field, Lohr to second. Lohr played centre, while Anderson cavorted around in right. Edmonton scored the first center in the third, Drek was hit by pitched ball and took second on a passed ball. Dellar moved the runner to third on a sacrifice. Pete Morner's infield out, pushed Drek across the plate.

The visitors trailed in the sixth. Piper got to second in exactly the same manner as Drek did, and was sacrificed to third. A squeeze play was then tried and the Eskimos were so amazed at the Maroons' attempt at inside ball, that Piper was allowed to score.

In the seventh, Bill Lussi, won fame, glory and also the game by a walk-off for four sacks and Edmonton had made a clean sweep of the series.

Phil Dellar has now the wonderful

record of nine wins out of nine games pitched.

The Eskimos meet Brandon today and expect to at least take two of the series.

Just look this box score over:

## NICE GAME IN CALGARY

Calgary, June 16.—The lacrosse game tonight between Calgary and High River broke up in a general fight with five minutes to play and the score 4 to 3 in favor of High River. The lacrosse was clean until the last quarter, when two scraps occurred. Three men were laid out and one man collapsed. Harry Nelson of High River ran in from the crowd and grappled with Allen McDowell of Calgary, and blows were exchanged. The crowd rushed in on the field and soon the police had to arrest Nelson. The referee gave the game to High River. The lacrosse played was poor.

## A NOVEL RACE

Minneapolis, Minn., June 16.—Promoters of the Twin City aviation meet at the state fairgrounds, June 22-25, met late Thursday to decide upon an event that will be decidedly spectacular. It is a proposition to have Minnie Heir, the fastest harness horse in the world; Glen Cartwright, who holds the world's record for speed on the track; and Barney Oldfield, holder of the world's record for automobile speed, compete in a race.

The horse is to encircle the half-mile track twice while the auto will do two miles on the mile track, the aeroplane also making the circuit of two miles.

This, it is thought, will furnish a fair competition.

## SPARKS

Shortstop Hager of the Mobile team has been christened "Lim."

Montreal is suffering from an epidemic of bad weather. The Star says: "If the worst comes to the worst, the sorrow stricken directors hope to turn the grand stand into a hotel and advertise the ball park as a summer resort, with good boating and fishing."

## JOE GANS NEARING THE END

San Francisco, June 15.—Joe Gans, sometime from Phoenix, Arizona, that Joe Gans, former light weight champion, is near death from tuberculosis.

Gans was asked to write a story of the Jeffries-Johnson fight and offered liberal terms, but the letter came from Gans' doctor saying that Joe was in no physical condition to stand the long journey. He added that consumption had made rapid strides since Gans arrived in Phoenix, and the climate did not seem to help the veteran, as he had remained too long in Baltimore before trying a change. Gans is said to be a mere shadow of the former old fighter.

## TO RUN GEORGE OUT OF TOWN

That Is the Intention in Frisco—Richard and Gleason Are Awfully Angry

New York, June 16.—Despatches received in this city from San Francisco state that Richard and Gleason had a slight falling out yesterday because Richard learned that Billy Nolan had been in secret conference with the black.

"It won't do," Richard told him. "Nolan cannot butt in. If I find that he is trying to run things, I'll stop the fight."

Johnson promised to behave, but the suspicion is that he is taking Nolan's advice. Nolan won't talk, or answer the charges that Richard makes against him.

Richard and Gleason are sore at George Little for his acting in suing all concerned and tying up the fight and picture money, as he did yesterday. They have persuaded Henry Ash Reef's lawyer, to drop Little's cases, and Richard said this morning that he would run Little out of town if the Chicago man didn't behave.

"I know it wouldn't be legal," he admitted, "but Little would take it on the run, just the same, if I ever give him the nod."

Little will not be permitted inside the arena, and he declares he will force his way in at the point of a gun. Johnson is worried and yesterday refused to consider an offer made him by a New York man for the sale of his share of the pictures.

Jeffries says he wants a bear hunt, and will move camp to have one, if his scouts now in the mountains run across any trails. But he hasn't seen a bear for a year in his vicinity. He says he will win in fifteen rounds, and in five if Johnson comes at him.

Richard says he has appointed Geo. Harting, the veteran, as timekeeper. Harting has counted out more fighters than any ten men who ever lived, but has never seen Jeffries in action.

## MANY CHANGES AMONG MINERS

Beinstead Has Been Released and Benched—Lynch Has Couple of New Pitchers

Leithridge, June 15.—A grand shake-up in the Leithridge ball team is about 15° over. Already Dahlstrom has been released, and in his place Brandon's leading light in the outfield has been secured from Bill Morrow. It is Olson. He plays today at Moose Jaw with the Miners.

The new shortstop, Van Ward, is also scheduled to break into the game there. This will mean that Ward will warm the bench, while Chick goes to right. How does this lineup look to the fans? It should be pretty good.

Lynch also has a line on a couple of classy pitchers on the coast, and has hopes of landing one of them. Then he will have a team that will make them all go.

Morrow let Olson go for a small consideration, after the player made known a desire to play under Lynch.

Barnstead was released Saturday.

## NORTH EDMONTON WON

The city league match last evening between North Edmonton and the tourist proved a walkover for the former, the final score being 5-0. The goals for the Packagingtown team were scored by Mantion 2, Barton, McCormack and Chabane. The lineup was: 101—Goal, Smith; backs, Farren and Thompson; halfbacks, Macklow, Baty and Middleborough; forwards, Hodson, Walker, Raynor, Peters, Walker.

North Edmonton—Goal, Wordman; backs, Graham and Torous; halfbacks, Newstone, Wilson and Brown; forwards, Mantion, Chabane, Barton, McCormack, Massacre.

## "TOMMY" BURNS RETURNING

Among the passengers due at Vancouver on the steamer Marama this week is "Tommy" Burns, ex-champion heavyweight, who has been matched with Sam Langford. They will meet at San Francisco on Labor Day. On board the same steamer with Burns is Bob Fitzsimmons, an ex-champion, and Bill Laing, Australian heavyweight champion.

## NO FIGHT IN FRISCO

San Francisco, June 16.—Attorney General Webb confirms the report that he has been ordered by Governor Gillett not to permit the holding of a Johnson-Jeffries fight anywhere in California. The attorney general said he would carry out the orders.

## HARD LUCK FOR 'PEG

In a letter to a friend in Toronto Jimmy Cosgrave writes as follows: "I went up to Henley yesterday to look after my entry and accommodations, and discovered that the Winnipeg fans were coming over. They have a hard row to hoe, as Magdalen College is going great guns just now, and not a crew in England is conceded a chance with them. Winnipeg will have to break the record to show front of the collegians, and this is the opinion of the English rowing men."

## JOHNSON HAS NIGHT WATCHER

Flanagan and Champion Fear Night Attack From Little—Cal McVey Is Guardian

San Francisco, Cal., June 16.—With two days of hard work ahead of him on Saturday and Sunday, Jack Johnson shunned the gymnasium this afternoon and busied himself with his automobiles, both of which were in need of repair. He was out on the road as usual in the morning. He took his 12-mile course in leisurely fashion, completing the distance in about an hour and 35 minutes.

"The best time over the course," said Trainer Tom Flanagan, "was one hour and 21 minutes. Johnson tested himself on that day, but the fight is too far off for him to be continually sparring. The last week we will be cutting down the distance and speeding up!" The suit began by George Little warns the promoters, Mrs. Muirhead, who conducts the training quarters and other interested, against paying Johnson any money before the 25 per cent. claim is adjusted, but the affair does not seem to bother Johnson.

"I am not worried about this," he said today. "George Little knows that he has not a chance to beat me in that fight and unless he slows down I will do some talking and then he will be sorry about it."

On Saturday and Sunday afternoon Johnson announces that he will box four rounds with Al Kaufman in addition to several rounds with his regular sparring partners.

The latest wrinkle at the Johnson camp is a night watchman. Cal McVey, one-time fighter for the Cincinnati baseball team, patrols the beach from dark until sunrise. His path is directly under the rooms occupied by Johnson. It is admitted that Jack does not want to take any chances with strangers strolling around unknown to him.

## ROXY WALTERS IS IN TROUBLE

Gets in Bad for Telling Truth About Pres. Eckstrom—The Latter Wants Apology

Regina, Sask., June 16.—Relations between the Regina ball team and President Eckstrom do not improve with the passage of time. Today Roxy Walters received a letter from the president of the league saying that if he did not apologize by Saturday next for his conduct at Calgary, the manager of the Regina team would be permanently suspended. Walters said that he has no intention of apologizing and the local management uphold him in his decision. Eckstrom, it appears, is highly incensed at the interview with Walters, which was published in the Calgary Albertan, in which the league president was described as a "big stiff." How matters will eventually work out it is impossible to say at present. The Regina club is decidedly at loggerheads with the big chief at Leithridge.

## VANCOUVER GETS STARS

Montreal, June 16.—Jimmy Hogan and Alex O'Reilly of Shamrocks left for the coast this morning and will play for the Vancouver team for the balance of the season. Hogan has a contract that is said to call for \$125 a game for seven games and a position at his trade at \$5 a day. O'Reilly's contract is said to be in neighborhood of \$10 a game for five games and a position at \$25 a week.

## BROKE HIS RESOLUTION

Bonesetter Reese Faxed Up the Pitching Arm of Orvell Overall

Youngstown Ohio, June 16.—"Bonesetter" John D. Reese broke his resolution not to treat baseball players in the future, and has fixed up the pitching arm of Orvell Overall, star twirler of the Chicago Cubs. He did it with the strict injunction of silence, but Overall confessed that he had been put in shape.

"The muscle had been out in my arm for ten years," he declared, "and I have been pitching under that handicap ever since. He certainly fixed me up, but told me not to tell anyone about it."

## ENTRIES FOR TRIAL SPORTS, COMPETITORS BEST IN CITY

Meet Takes Place This Evening at Old Exhibition Grounds—Starts Promptly at 7 O'clock.

The trial sports will be held at the old Exhibition grounds tonight, commencing at 7 o'clock sharp. The winners of the different events will compose the athletic team which will represent Edmonton at the provincial meet in Lethbridge on July 1st.

The following are the entries received by the secretary, Mr. English:

One mile walk—Clifford Dunham, Y. M.; Roland Dunn, Police; Clark, Irish; D. Readford, Calles.

One mile run—Dan Fraser, Jas. L. Nicholson, Y.M.; Wm. Turner, Alex Deceatone, A. E. Seward and Frank Tait, Irish.

Broad jump—G. H. McDonald, J. W. Wright, A. C. Creelock, Y.M.; Robert Wallace, Irish.

440 yards run—E. G. Williams, G. W. Urquhart, Y.M.; T. Buckham, Irish; and Harry Laing, Calles.

High jump—A. C. Creelock, J. W. Wright, Y.M.

Shot—Jim Cameron, D. R. Fraser, police; Moir, Neil McLean, Calles; Thomas Cummings, unattached.

100 yards run—F. S. Parney, F. J. Follinsbee, Y.M.; F. H. Drayton, H. F. H. Hassell, T. Buckham, Jack Lyons, Irish.

Throwing 56-pound weight—Jim Cameron, D. R. Fraser, Police; J. W.

(Wright, Thomas Cummings, unattached).

### About Town

The regular quarterly meeting of the Local Council of Women will be held in the Y.M.C.A. Friday afternoon at 3 o'clock.

The local offices of the Canadian Northern have been advised that the "Royal Edward" arrived at Quebec three thirty yesterday afternoon, thus breaking the record by two hours.

Keep Monday evening free for the ice cream and strawberry garden party on the beautiful grounds of Mrs. Thos. Bellamy, 426 Second street, in aid of the Sunday school of the First Baptist Church.

For Dominion Day, July 1st, the Canadian Pacific Railway Company announce a rate of first and one third for the round trip. Tickets will be on sale June 20th to July 1st, inclusive; final return limit, July 4th, 1910.

Mayor Lee forwarded copies of the orders-in-council, the agreement with the C. P. R. and the bylaw regarding the city's share of the cost of the high level bridge, to the Canadian Pacific Railway company yesterday afternoon, thus closing the matter as far as the city is concerned.

Two interesting and instructing lectures will be given by A. H. Mac Millan, of Brooklyn, N.Y., in the Orpheum Theatre on Sunday, June 19, 1910, at 11 a.m. and 3:30 p.m. Morning subject "The Resurrection," evening subject will be "Was Christ's Mission to the World a Failure?" This will be the literary treat of the season. All are cordially invited and there will be no collection taken.

Rodolph Mareau, of Lamerque, farmer, who is charged with forging signatures to two cheques, one for \$50 and the other for \$20, was sent up for trial by Magistrate Cowan, at the police court this morning. Bail to the amount of \$200 was accepted. A charge against J. O. Polukki, for breach of the pound by-law was withdrawn, the defendant paying costs. The case of Thos. Nolan, charged with minor theft will be disposed of this afternoon.

At an executive meeting of the Royal St. George's Society held last night under the presidency of A. W. Chalmers it was unanimously decided to take part in the proceedings on hospital Sunday. All members of the society are invited to follow in the parade, meeting at the Oddfellows' Hall at 2 o'clock. It was further agreed to render every assistance possible to consummate the erection of a hospital worthy of the city.

P. J. Nolan, K.C., returned Saturday night from Edmonton, where he was conducting the prosecution of Convict King on a charge of murder. Mr. Nolan secured a conviction, King being sentenced to hang. At Wetaskiwin, on the way down, Mr. Nolan defended J. G. Robertson, of Hazel Lake, on a charge of criminal assault. The case was dismissed. Mr. Nolan will be going north again shortly to defend the Frenchman, Amand, of Selkirk, who is being tried for the murder of his son-in-law—Calgary Herald.

### GOVERNOR MAY STOP FIGHT

(Continued From Page One)

Ben Leonard, Cal. June 10. Jeffries when told of the action of Governor Gillette said: "I can't believe it. I do not think that the governor would do that after he had repeatedly said that he would not interfere. I shall continue my training until official information that the fight is off." Jeffries appeared crestfallen.

A man's might kick, but if you get a kick from HORNER'S LIVERY it will be nothing but pleasure for you.

### Personal

Mrs. John McJeanet, of Minot, North Dakota, is visiting Mrs. Wm. Hope, 34 Stewart street.

Mr. Andrew Miller, formerly managing editor of the Ottawa Free Press is a guest at the King Edward.

C. E. Lewis, inspector of weeds, left last night on a trip through the southern part of the province.

Mr. and Mrs. J. T. Hall who have been visiting Mrs. Hall's sister Mrs. Robt. Bradburn, has returned to her home in Yorkton, Sask.

Word received from Chief Laney, who is still at the bedside of his father, states that he will leave to return to Edmonton about the end of this week.

Mrs. F. J. A. Hall, who has been visiting her parents, Mr. and Mrs. Robt. Bradburn, for the past eight weeks, has returned to her home in Peterboro, Ont.

M. E. Nichols, president and managing director of the Winnipeg Telegram, has consented to address the Alberta and Eastern British Columbia Press Association at its annual convention in Lethbridge in September.

S. W. Cross, late editor of the Winton, Bruce County, Ont., "Echo," who married Miss Grier, of Macleod, was in town this week visiting his brothers-in-law, D. J. and Curran Grier. He expects to start a paper in some growing Alberta town and will go north to look at the territory Edmonton way—Macleod Advertiser.

The officers, delegates and members returning from the very successful 6th annual meeting of the Diocesan Women's Society of the Church of England, held in Edmonton on the 7th, 8th and 9th, wish to publicly acknowledge the open-hearted hospitality which they received during their whole stay in Edmonton members of the auxiliary and the ladies who assisted them—Calgary News.

### ANGLIAN WOMEN

GET FRANCHISE

(Continued From Page One)

night and one which was an innovation in the Anglican church, was the amendment to the canon whereby the franchise was granted to lady communicants in the election of delegates to the Synod. Another motion that women be allowed to vote and have representation on the vestries of the parishes was lost, and an amendment proposed by W. L. Walsh that women be allowed to vote at all parish meetings was carried.

A resolution that in future no parish or mission should be deemed self-supporting or its clergyman entitled to be called a rector until it provides at least \$800 per annum as stipend, together with a parsonage, or \$1,000 per annum stipend if there be no parsonage, was introduced and discussed. The executive committee was instructed for the future in estimating the amount of the guaranteed annual grants given in aid of stipend to take the following as the basis of its computations: For priests, \$800; deacons, \$700; and lay readers, \$600 per annum. A resolution that in the opinion of the Synod the time has arrived for the revision of the Book of Common Prayer was withdrawn, owing to the lateness of the meeting at which it was introduced.

### TO BE SOLD

SEVEN-ROOMED BUNGALOW in Grand Estate on 50 foot lot; small payment down, balance \$28.00 per month—Apply, Box 12, Daily Capital.

### The Day in Strathcona

Strathcona will meet Edmonton at lacrosse tonight at 7 p.m. There will be no charge for admission.

Another thousand feet of cable has just arrived per the Dominion Express Company, for the mines at Moraville belonging to the American Canadian Oil Company of Seattle.

The baseball game between Strathcona and Leduc last night resulted in an easy win for the home team. For the first part of the time the game was very uninteresting and uneventful, but after a while both teams settled down to play ball. Scoring was heavy—Strathcona 21, Leduc 11.

The right of way for the high level bridge is all cleared and Mr. Parren, chief of the survey party, has been working the last few days getting the centre line run in, so that sufficient work may be ready for the contractors who are expected to commence operations in a very few days.

At the Immigration Hall, settlers are arriving in considerable numbers, although not so many as are being received at the Edmonton hall. They are mostly Americans at present, with a fair percentage of Old Countrymen, and in nearly all cases are taking up land in the north. Indeed, a short while ago several large parties were made up to travel straight through to the Peace River.

### DEMBRIZKI-KRAYCHUK

On Tuesday a very pretty wedding was solemnized at high mass in the Ruthenian Catholic Church by Rev. Father Hura yesterday, when Mr. Stephan Dembrizki of Strathcona, was united in marriage to Miss Dora Kraychuk. The bride wore a dainty gown of white organdy with long tulle veil fastened to her hair with a coronal of white blossoms and carried a bridal bouquet of white roses and carnations. Dainty garlands of flowers decorated the bodice and girdle of her gown. She was attended by Miss Thecla Kilarski and Miss Katie Malovana who also wore pretty white organdy gowns with pink and white bridesmaid roses.

The groom was attended by Samuel Kostymak and John Kotek. The wedding breakfast was served at the residence of the bride's sister on Christabel street, and in the evening a large reception and dance were given for the bridal party in the Ruthenian Hall, Kinsistino avenue.

Mr. and Mrs. Dembrizki are spending a fortnight's honeymoon in the mountains before they return to their home in Strathcona.

### EMPIRE THEATRE

"Brown's in Town," a rollicking farce comedy, will be the opening play of the three night's engagement of the Eckhardt company at the Empire theatre, starting tonight. The author, Mr. Mark Swan, has found something entirely new and fresh in this play and has not hashed up old worn subjects, but has put together a number of bright situations that has won instant favor. The comedy should be in delightful and refreshing situations and gives opportunity for scenery, costumes and good acting. There is not a dull moment in the play and those who have witnessed it are unanimous in their praise. "Brown's in Town" will be given only one performance on this Thursday night, when there will be a change of plays for Friday and Saturday nights.

### TWO BUILDINGS EVERY FIVE DAYS

That Is the Record so Far This Season at Exhibition Park

### WORK STILL GOING AHEAD

Party of Business Men Made a Personally Conducted Tour of the Grounds

One building every two and a half days. That is the record so far down at Exhibition Park. And according to Secretary Harrison, strenuous efforts will be made to keep up the record until all the buildings required for this year's exhibition are completed.

Yesterday afternoon President A. B. Campbell, and Secretary A. G. Harrison took a number of prominent business and professional men down to the park on a "personally conducted" tour of inspection. And everybody expressed their astonishment at what had already been accomplished and the extensive plans that have been laid out for the future.

A review of the work done and contemplated for this year shows that the Exhibition Association is to be congratulated and should receive the support of the ratepayers next Monday when the bylaw for the granting of the money for the erection of more buildings comes up.

The work already accomplished and being done is as follows: The 8-foot tight board fence around the Exhibition Grounds proper is complete. Two rows of steel posts stretched along the fence, which is one and two-thirds of a mile long.

The stabled and ready to use. One race stable is completed and occupied, and the foundations for three more are laid and ready for the carpenters. These stables are 105 feet long.

The superintendent's cottage, a very attractive looking building, near the western entrance, is complete. Then four of the cattle stables are just about complete with two more in process of construction. These stables are 150 feet long, by 40 feet wide, and are ideal cattle stables.

Eight show horse stalls, 150 feet long are ready for the carpenters, the foundations being completed. Then there are also sheep pens and a hog pen being built. With all these stables completed there will be accommodations for 360 cattle, 200 horses, 200 sheep and 200 swine.

The contract for the grand stand is let and the work is well advanced for the foundations. The stand will have a capacity of 4,500 people, with 1,200 seats on the floor. The stand will be three hundred feet long by 60 wide.

The cost of the work done runs nearly up to \$100,000, divided as follows: Stock buildings, show stables, race stables, and superintendent's cottage, \$50,000; grand stand, \$25,000; race track, fencing, grading, underground running of water and electric cables, fencing and building roadways, has cost about \$50,000.

The work still to be done includes the erection of the poultry and dog buildings, judges' stands, attraction platforms, entrances and exits, the judging ring and stand, the paddock and sheds, dining halls, the fire hall and police station, the horticulture and dairy buildings, the director's office, hand stand and a host of other little things. The total cost of this work will be \$35,000, with \$10,000 more for waterworks and sewers.

There have been also a tremendous amount of work accomplished in the office of the secretary. The Alberta Provincial Horse, Cattle, Sheep and Swine Breeders' Associations have been formed. Grants have been obtained from the Alberta Live Stock Association, the Canadian Jersey Cattle Club, the Canadian Horse Association of Canada, the International Stock Food Company, and others.

Contracts have been closed with the Hand people of Hamilton for fire works, and with the A. G. Barnes show people. Five thousand prize lists have been printed, and 2000 distributed. The Edmonton Futurity has been inaugurated for which 60 entries have already been received. Tickets, judges' books, flags, entry forms, tags, etc., have been ordered and received. Race prizes have been printed and distributed; and lithographs have been ordered and are being printed.

Summer underwear, right in fabric, style, and price, at Kelly & Moore's.

Largest assortment of Oxfords in the city at Kelly & Moore's.

WANTED IMMEDIATELY—First class bread and cake bakers, wages no obstacle. Apply Huxley's Bakery, 1424 Syndicate Ave., also carpenter for a small job.

LOST—TELESCOPE BAG, between Strathcona station and Edmonton bridge. Suitable reward will be given to anyone returning same. Mrs. A. Chandler, 353 Fraser Ave. Phone 1924. J. 14-21

### THE WEATHER

Forecast—Saskatchewan and Alberta, a few local thunder showers; but generally fine and warm today and on Friday.

### MELBA'S PLANS

After an absence of nearly two years in her native Australia, Melba has returned to London to take part in the Covent Garden season. No opera-goers needs reminding that before her departure for the Antipodes in 1908, at the close of the opera season, Melba had sung for twenty consecutive seasons at Covent Garden. This established a record, and at the same time associated her name and presence so closely with the season at Covent Garden as to leave a sense of incompleteness when she no longer figured among the artists.

In a recent interview the famous singer expressed her delight at being back in London again. "But I did enjoy my visit to my native country," she said. "It was hard work for a time—nine months' incessant touring—then a glorious rest. I have never felt in better health and spirits than now, and feel ready for anything. As to my plans," she continued, "after I have finished at Covent Garden I go for a four months' tour in Canada and the United States, beginning in September, and later on through the United Kingdom, so you see I shall not be idle till the next opera season comes round. It is very gratifying to me to hear that already the houses are sold out in most of the Canadian cities."

Mr. Geo. H. Suckling states that the celebrated lier at Harmony Hall is gradually filling up for the Melba concert, showing the appreciation of Edmontonians for entertainment of the highest class.

### ARCHDEACON ROBINS HERE

On their way to England, three arrived in the city last night, from Athabasca, Landers, Archdeacon Robins and Mrs. Robins, accompanied by Miss Saunders, daughter of Colonel Saunders, of the Mounted Police. Mr. Robins, who has been lately appointed to succeed Archdeacon Scott, will stay in England for some time, not returning to this country until the end of this year, and possibly the beginning of next. He was the vicar of Thorpe-Soken, Essex, and obtained a year's leave to work in the district of Athabasca. During his stay there he was so impressed with the need of workers that he determined to leave his English vicarage and devote himself to the country work of Edmonton.

The seventh triennial synod of the diocese of Athabasca was held, said Archdeacon Robins, at St. Peter's mission, Lesser Slave Lake, under Bishop Holmes on June 5th, and opened with an ordination service, when Mr. H. Trickett was ordained.

The synod was in session for four days and a large number of diocesan matters were discussed.
